2. [REDACTED] EMPLOYMENT REQUEST Received a call from Ellen Winn, in the office of Representative Edward P. Boland (D., Mass.), who asked for information on how a constituent might apply for employment with the Agency. I told her I would send her a brochure and an application form, which Registry will do. She said this would be fine.

3. [REDACTED] LIAISON Received a call from Larry Finks, staff of the Senate Governmental Affairs Subcommittee on Investigations, who said he understood that the CIA had testified before a House committee on the "spider web of communist fronts in the U.S." He wanted to know what committee it was so that he could obtain a copy of the printed committee hearing. After checking with [REDACTED] OLC, I called Finks back and told him that the Agency testified before the House Permanent Select Committee on Intelligence on several occasions the end of 1977 and early 1978 on the subject of CIA and the media. In response to a request from Representative John M. Ashbrook (R., Ohio) during the 20 April session, we forwarded an unclassified study on Soviet propaganda which is listed as Appendix R to the printed Committee hearing, which names 13 communist front organizations. I told Finks that the study covers Soviet propaganda directed against American interests from abroad but does not concern itself with Soviet propaganda operations conducted within the U.S., as this is outside CIA's purview.
